Dear Mr. Dittmer:

In answer to your notes marked October 24, 2003 I can help a little.

1. If you have not obtained Mumford's article by now write to him personally as Maryland Archives must have his address. I presume he is living as I have long corresponded with him.
2. The Mint House referred to is probably that of John Chalmers in Annapolis. An expert on this is John Kraljevich of American Numismatic Rarities.
3. I know nothing about counterstamped U.S. coin values as I pass on that.

I hope I have been of some help. 20

Sincerely,

Eric P. Newman
